Henniker School District Part 1962 Appropriation	$95,000.00

PREVENTING FOREST FIRES

IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible $5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another $24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules:

1. Dispose of burnable waste at the town dump.

2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.

3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.

4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.

. Be sure your fire is dead out before you leave it.

6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never to early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had two fires.

We burned ¾ of an acre.

Permits issued, 95.

E. BENJAMIN AYER,
Forest Fire Warden.

GERALD H. HIGHT,
District Fire Chief.

HEALTH OFFICER'S REPORT

December 31, 1962

Selectmen:

Town of Henniker

Henniker, N. H.

Dear Sir,

The health of the community has been very good this past year. The response to the Sabin Oral vacinne clinics were quite favorable.

The six water samples were taken every other month, tested, and all found to be exceedingly good.

All complaints registered with me were investigated and all were remedied except for one, which has to wait until spring, after the ground thaws out.

GEORGE M. PARMENTER Sr.

Health Officer

Town of Henniker, N. H.

REPORT OF THE

PUBLIC HEALTH AND SCHOOL NURSE

Health Services from January 1, 1962
through
December 31, 1962

General Visiting Service

2018 visits to give bedside care, injections, dressings, prenatal, newborn, instructive, friendly and follow-up.

12 Patients taken to Doctors' offices, in town and Concord.

3 Patients accompanied in ambulance to the Concord Hospital.

Assisted at three (3) blood drawings, one (1) at Hillsboro and two (2) in town.

Three (3) Sabin Oral Vaccine clinics held
1st in September, Type I vaccine was given, 519 babies and adults received drinks.
2nd in November, Type III vaccine was given, 457 babies and adults received drinks.
3rd in January, Type II vaccine was given, 452 babies and adults received drinks.

Bad publicity given the vaccine before we held our clinics kept a lot of people from attending. Therefore, there are many preschool, grade and high school

pupils who did not get the vaccine.

Another series of clinics are being planned to begin in March. I sincerely hope the parents will make the effort to see that these children get the vaccine before the polio season sets in.

I would like to thank Dr. Francis Brown, Norman Parmenter, Sponsors, Nurses, Teachers, Mothers, College and High School students, and the Policeman for their assistance at the clinics.

REPORT OF HENNIKER INDUSTRIAL COMMITTEE

1962

The Industrial Committee for Henniker appointed in the Spring of 1962 have met numerous times throughout the year.

We have met with either owners or officers of three small industries who have shown an interest in relocating.

At present we have two or three sites that appear to be good for the building of a small manufacturing plant. Also we have a good building of several thousand square feet that could be purchased by some business either new or wishing to relocate.

Mr. Clarence Chase of the State Department of Resources and Economic Development met with us and outlined plans for a brochure listing points that might attract new industry.

SCHOOL WARRANT

To the Inhabitants of the School District in the town of Henniker qualified to vote in district affairs:

You are hereby notified to meet at the Cogswell School Auditorium in said district on the 12th. day of March 1963 at 1:00 P. M. to act upon the following subjects:

Polls open at 1:00 P. M. and close at 8:00 P. M.

Articles in Warrant will be taken up at 7:00 P. M.

1. To choose all necessary officers for the ensuing year.

2. To hear reports of Agents, Auditors, Committees and Officers chosen and take action relating thereto.

3. To choose Agents, Auditors, and Committees in relation to any subject in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income: the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To see if the district will vote to install an oil burner in the elementary school and raise and appropriate money for the same.

6. To see if the district will authorize the school board to make application for and receive in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

7. To transact any other business that may legally come before said meeting.

Given under our hands this day of February, 1963 at Henniker, N. H.

BUILDING COMMITTEE REPORT

It was voted at the Annual School Meeting March 13, 1962 that the Study Committee serve as a Building Committee.

It was also voted to raise the sum of $110,000.00 for construction of an addition to the present High School Building, including equipment and changes in the present building.

At a meeting of the Building Committee on April 4 it was agreed that the School Board issue Bonds in the amount of $110,000.00 for a term of eleven years, the Chairman of the School Board make the necessary arrangements, Bonds to be dated July 1, 1962.

At a meeting on April 11, it was agreed to put the Bonds up for bids. At the meeting Mr. Patenaude presented a copy of the Architects Contract, also his bill to date.

Terms and specifications were presented to the School Board and put up for bids. Bids opened August 15,apparent low bid was $125,000.00. It was evident that more money was needed and Special School Meeting was held September 17 and by a two-thirds vote it was voted to raise an additional $20,000.00.

The contract was awarded to McMillin Co., Keene, N. H.

An inspection meeting was held Wednesday, February 13, at which time the building was tentatively accepted, providing for numerous corrections.

Contact was made with the Cogswell Benevolent Trust in Manchester and after thorough investigation by them as to our needs it was decided they would grant $10,000.00 toward the interest payments to be paid $2,000.00 per year for five years.

SUPERINTENDENT'S REPORT

The addition to the Cogswell Memorial High School is almost completed. Although all the work will not be completed we expect to move into the addition shortly after the first of January 1963. The workmanship is good and we will welcome our additional space. I assume by the time you read this report we will be organized and you will have had a chance to inspect the new building.

The Minimum Standards for high schools have been revised and the revision goes into effect in September 1963. In order to remain a comprehensive high school Henniker will have to provide the following additional services:

1. Add a part time Librarian to the staff.
2. Add a part time Guidance Counselor.
3. Reduce the teacher load of several teachers.
4. Offer two more courses in academic subjects.
5. Offer one course in Visual Art regularly taught by a qualified art teacher.

From the above I think it can be concluded that they are making it more difficult for the small high school, and I might add more expensive.

In order for us to meet the standards of a comprehensive high school we will have to add one full time teacher, and a person to teach Visual Art one day a week. According to our present plans Mr. Gladu will acquire the necessary credits and will assume the two periods of guidance a day, and Miss Cote will get the required six credits to take over one or two periods of library work. The course which these teachers will have to drop will be picked up by the new teacher who will also teach the new courses that we will be required to offer.

An Interim Commission was created by the 1961 Legislature to study the organization of public schools in the State

of New Hampshire. A preliminary report has been issued by the committee with a final report to be made late in January. Some of you have probably read a summary of the preliminary report, which is a blockbuster as far as public education of New Hampshire is concerned. It is a far reaching report that will take some years to implement and the Legislature will have to vote more money than they have to this date in order to make the plan work.

Essentially I believe the object is to cut down the number of Supervisory Unions from 48 to 34. The state will be divided according to a Master Plan and eventually these unions will become Cooperative School Districts. Many schools will be closed; some high school will probably be converted to elementary schools and some new schools will have to be built.

The preliminary plan calls for six hundred pupil high school to be built in Henniker to serve the towns of Warner, Bradford, Hopkinton, Hillsboro, Washington, Antrim, Deering and Windsor. Just what is to happen to the present elementary building is not known at this time. It would seem likely that many of the small elementary schools will be closed and pupils transported to centers within the district.

As I said, this will be a very drastic step and more details must be made available before one can really pass judgment on it. Certainly modifications and adjustments will have to be made on any such a plan as this. The idea is good; we will have to wait to see how the Legislature reacts and how the various towns react. Until then we will have to carry on as we have been doing.

There have been several changes on the staff since my last report. Last March Mrs. Grace Cody resigned and was replaced by Mrs. Janice Hawkins, who is with us this year. Robert Gauthier, who was with us for a short time in the 1961-1962 school year before being called into service, is back

with us this year teaching Social Studies. Mr. Chester Jablonski is the Mathematics and Science teacher; Mr. Orvis Hopkins the new Shop teacher; and Miss Gloria Jean Cote is the new French and English teacher. Mrs. Evelyn Beane retired after many years of faithful service to Henniker and Mrs. Mildred French took her place as Principal and sixth grade teacher with Mrs. Margret Damour taking over the fifth grade. This is a good staff and every effort should be made to retain these teachers.

Although our budget will increase due to the Minimum Standards requirements and the new addition to the high school we do have unexpected financial help. This year for the first time in a long time Henniker qualified for Foundation Aid, and as this was entirely unexpected we will be carrying this amount over as a balance toward next year's appropriation. Through the effort of some of the citizens Henniker will receive $2000 a year for five years to help pay the interest on the new addition. Whether there will be any substantial increase in State Aid remains to be seen. Certainly Henniker is making a great effort to provide their young people with the quality education that is needed in this complex world of ours.

HENNIKER HIGH SCHOOL PRINCIPAL'S REPORT

Under the handicaps imposed by the conditions arising from the construction of our new classrooms our high school has made some giant strides of progress. Better than ninety per cent of the students are carrying five different subjects thereby increasing to a greater degree the benefits gained from the high school. This was made possible through the addition of two new courses of study at the high school level. Emphasis on teaching students how to study and how to make the most out of homework are resulting in increased efficiency and higher grades without sacrificing any of the high standards of this school.

Our students fared well in the State Education Department sponsored Sophomore Testing Program. The results indicated that Henniker students placed in the upper fifth of all public schools in the use of the English language and in the upper sixth of all high schools tested in general knowledge.

The State Education Department classified the high school as a Comprehensive High School for the year 1962-1963. Next year's curriculum must be expanded to provide for educational guidance and library services. Some changes in curriculum providing for individual differences in all fields of study are recommended by the State Education Department through its newly published Minimum Standards for High Schools.

The inclusion of guidance and library services will result in giving much needed direction to the purposes for attending school, the greater and more efficient use of the school and the directing of the schools aims and objectives towards satisfying the individual needs of the graduate.

Moving into the new addition has been nearly accomplished and the enthusiasm generated by the students for this part of the high school gives us ample reason to hope that it will

greatly enlarge upon the educational opportunities offered in Henniker.

In terms of the social and physical development of the students, a soccor team was fielded and played an eight game schedule. Girls softball was initiated and six games were played during the spring of last year. A recently completed winter carnival was sponsored by the Student Council. This met with unusual success and it could become a yearly affair. Several new activities have been sponsored and with the passing of time will add to the all encompassing program of the school.

This report would be incomplete if it did not express the gratitude of students and teachers for the new addition together with its furniture and equipment.

I wish to thank everyone concerned with the schools for their wonderful cooperation and friendly expressions of confidence.

HENNIKER SCHOOL LUNCH PROGRAM

The lunch program was in operation from Sept. 18, 1961 to May 18, 1962. During this time 24269 lunches were served with a daily average of 165. The special milk program was also offered from Sept. through June to children who bring cold lunches or wish it at recess.

During the year a refrigerator was purchased for the kitchen. $1635.90 worth of Government commodities were received for a total cost of $154.71. These make it possible to keep the price of the lunches at a minimum cost. We were fortunate in having some garden products donated to us during the fall. For these we are thankful. I would like to thank the parents and all who contributed to making this program a success. My special thanks to the elementary teachers who give so much of their time keeping records and collecting money, also the many extra steps in helping make this program successful.

Respectfully submitted,

ERCEL E. STERLING, Manager.
